**2008**

**Fremont Middle School**

*Imagine a world where every child feels safe, loved and celebrated!*

## **BE THE CHANGE**

*Challenge Day is a unique program that allows students to explore how their behavior affects others.*

*Challenge Day's vision is to create a world where every child feels safe, loved and celebrated. Challenge Day allows students in very open and honest ways to confront the social norms and stereotypes that exist in all school settings. Students and adults who have participated in previous Challenge Day events all agree the experience forever changed them. Those who have participated in Challenge Day find they view the concerns, issues and events that confront all of us in our daily lives differently. A newfound respect and admiration for the intelligence, honesty and integrity of the young people in our community is acquired.*

*Please accept our challenge to you and join us at Fremont Middle School for Challenge Day 2008. It will be a day you will never forget!*

*IT'S EASY TO START*

*MAKING CHANGES IN*

*YOUR WORLD RIGHT*

*AWAY!*

*You are the hero you've been looking for! There are many ways to "Be The Change" as there are people. Take us up on our challenge. This is something you can do right now to make a change and it is simple!*
